

We've begun the "On the Go!" programming – our first foray to the Eliot was so well received, it was positively heartwarming. The brochure is being shared. We will be meeting with Kate Di Nardo this month to arrange for programming with the Twin County Recovery Services. A letter of introduction to the program has been sent to Ulster Greene ARC, and, of course, we'll keep adding to the nursing homes!

We have an active shooter training scheduled with Sargent Richards from the Greene County Sheriff's Office on Wednesday, July 6th. The training starts at 9:30; we'll delay opening to 12:30 that day.

As a follow-up to the Helene and Joan show at the Chamber of Commerce dinner – please say hello to "Queen Tut" outside, and we're happy to report that Mid-Hudson Cable will be upgrading our service to broadband AND reducing our monthly bill from \$230 a month to \$60. We'll work with Doyle to ensure there isn't a glitch with our Ethernet/Wi-Fi hardware and all goes smoothly.

You will be seeing new faces in the building – Not only Caroline (welcome!!) but NaDavia Walters. NaDavia is a student in Potsdam, graduating this December with her BA in Psychology. She'll be with us for the summer and during school breaks. As you are aware, Bathsheba has been looking for help in Palenville. To that end, welcome back Joy Vanucchi! We'll continue to look for help for her when Joy heads south this winter.

Respectfully Submitted,

Joan Miller
