### **Miscellaneous/November Plans:**

- Gearing up for the move---purging and packing is the plan for the month!
- We'll also be continuing with our in-house programs for adults and kids.
- We are starting up with our "take home craft kits" for the kids again this month. We'll resume with the adult ones once we are settled in our new place.
- Getting excited for the prospect of finalizing a new location and imagining all the cool things we can do with the space. Fingers crossed!
